

Dingle Park Practice (DPP) Patient Reference Group (PRG)

www.dingledocs.nhs.uk

The PRG was formed in December 2011

Patients were approached directly and subsequent recruitment attempted by invitations issued along with the patient survey.

New recruits are still actively sought by personal invitation from existing members and by invitations distributed with subsequent surveys and handed to new patients when they register.

PRG Composition as of 31.03.14

The current PRG is constituted as follows:

Gender

23% male

77% female

Ethnicity

84.6% White British

7.7 % Asian

7.7% White Other

Age ranges

<25	25-44	45-64	65-84	>85
0	30.8%	61.5%	7.7%	0

Routine communication is via email, letter or phone as appropriate, with meetings at *Riverside Centre for discussion of practice issues, survey results and development of a practice action plan as necessary.*

Practice Opening Hours (we currently do not participate in any extended hours scheme)
